Mr. Dave Pfortmueller
University Sprinklers
5565 – 15B Avenue
Delta, BC V4M 2H2

Dear Mr. Pfortmueller:

On behalf of the KinVillage Association, I would like to thank you for your kind donation of an underground sprinkling system for the front entrance and in the main courtyard of our West Court.

KinVillage exists to support older adults to live life to the fullest by providing a range of health, housing and recreational programs, and by building community. With the help of contributions from supporters such as you, we will continue to see improvements in promoting a healthy, caring quality of life for people in Delta.

I know the residents and their visitors in West Court will enjoy the beauty of flourishing gardens for years to come thanks to your generosity of this leading-edge water system.

Organizations like University Sprinklers make available the resources that enrich our community and for that we are continually grateful and enthusiastically support recognizing your contribution to the residents of Delta in our monthly newsletters and announcements to our local newspapers.

May we yet again express our sincere appreciation for advancing our efforts to develop a unique community of care.

Sincerely,

Donna Ellis
Chief Executive Officer
